

ALWAYS INNOVATING. ALWAYS RESPONSIVE.

For nearly a century, Graco has designed, delivered and supported solutions that you use every day. We help simplify everyday tasks and improve productivity for forward-thinking workers and businesses around the world.

Whether you're servicing vehicles, operating heavy equipment, performing maintenance repairs, working on an oil rig or running manufacturing lines, we're your one trusted source for proven lubrication equipment and bulk fluid management solutions designed to maximize your profitability. Because we understand just one hour of downtime can equal tens of thousands in lost revenue.

INNOVATIVE

We listen to our customers and adapt to their needs. Our investment in R&D is unparalleled, empowering Graco to create more reliable, connected and easier-to-use automatic lubrication equipment, bulk fluid management and fluid transfer systems.

QUALITY

From our best-in-class manufacturing processes, rigorous product testing and industry's best warranty, you always know that Graco solutions are going to get the job done – and stand the test of time. That's why you can find Graco products over 50 years old still in operation.

CONSULTATIVE

Being a consultative partner takes work – and we're always up for it. Graco and our distributors want to work with you to identify, design and install the best solutions for your needs to ensure you receive the maximum ROI on your investments.

RESPONSIVE

When you need an answer, we're just a phone call away. Our support team is committed to providing you with a superior customer service experience and a reliable and fast response. Because we know downtime means lost revenue.

Graco Resources

Here at Graco, we take pride in delivering tools and solutions that help you succeed every day. Like any project, the work is never truly finished. From continuous R&D to A+ Customer Service, we're always looking for new ways to bring you value.

Graco.com

Graco's website gives you and your customers an intuitive, next-generation web experience – making it easy to find relevant products, services and solutions.

INDUSTRIAL

Lubrication Products

PROVEN QUALITY.
LEADING TECHNOLOGY.

OVER HALF OF INDUSTRIAL EQUIPMENT FAILURES ARE DUE TO IMPROPER MACHINE LUBRICATION.

Have confidence in your lubrication program with Graco lubrication solutions. Having the right solutions and partner at your side allows you to reap the benefits of reduced downtime, increased productivity and minimized maintenance expenses; ultimately driving a greater ROI for your business.

SERVICE AND MAINTENANCE LUBRICATION EQUIPMENT

Our solutions are ideal for moving bulk fluids fast and help drive sustainability goals forward by reducing waste and optimizing material usage.

PUMPS

- **Fluids:** Oil, grease, gear lube, ATF, air, water, coolant, alcohol, waste oil, diesel, diesel exhaust fluid (DEF)
- **Power:** Electric, pneumatic, hydraulic
- **Max Output Volume Range:** Up to 31 gpm (117 lpm) of oil or 57 lb/min (26 kg/min) of grease

REELS

- **Types:** Oil, grease, gear lube, ATF, air, water, coolant, alcohol, waste oil, diesel, diesel exhaust fluid (DEF), electric, light
- **Drive Options:** Spring, hydraulic, electric and pneumatic
- **Hose length:** Up to 150 ft (46 m)

FLUID MANAGEMENT

- **Insight:** Control and manage dispense inventory along with advanced reporting
- **Manage:** Wireless system tracks all dispenses, which can be viewed on any network device
- **Protect:** Pump air control automatically shuts off air supply preventing spills and expensive cleanup

FLUID RECLAIM

- **Fluids:** Oil, coolant
- **Fluid Capacity:** Up to 30 gal (113 l)
- **Evacuation:** Gravity

METERS AND DISPENSE VALVES

- **Fluids:** Oil, grease, gear lube, ATF, air, water, antifreeze, washer fluid, waste oil, diesel exhaust fluid (DEF)
- **Models:** Manual, preset, in-line – digital or mechanical
- **Max Flow rates:** Up to 20 gpm (76 lpm)

AUTOMATIC LUBRICATION EQUIPMENT

Achieve your uptime and safety goals with solutions and a partner you can trust. Our automatic lubrication solutions work on any factory machine that requires grease or oil lubrication – milling machines, metal lathes, drilling machines and grinding machines, just to name a few.

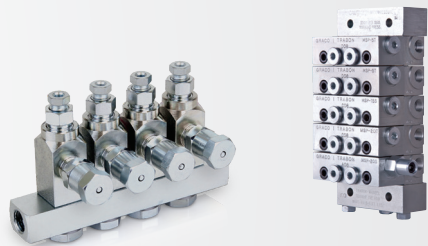

PUMPS

- **Power Type:** Electric, pneumatic, hydraulic
- **Fluid Type:** Oil/grease up to NLGI #2
- **Reservoir Size:** 1 lb (0.5 L) to 90 lb (45 L) or standard barrel length options
- **Max Output Volume Range:** Up to 1.1 lb/min (0.5 kg/min)

METERING

- **Fluids:** Oil, grease up to NLGI #2
- **Max Pressure:** Up to 6,000 psi (414 bar)
- **Max Output:** Up to 0.150 in³ (2.46 cm³)
- **Fluid Outlets:** Up to 22

CONTROLLERS

- **Power:** 9–30 VDC or 100–240 VAC
- **Inputs/Outputs:** 4/4
- **Modes:** Pressure / cycle / timer
- **Advanced Technology:** GLC X Bluetooth connectivity

NEW TO AUTOMATIC LUBRICATION?

We understand automatic lubrication sounds complex at first, but it is not. Only 4 components can turn a run to fail maintenance program into a proactive maintenance program. Read the article below to learn about the basics and discover it's not as complex as you might think.
